The chart below shows the number of confirmed COVID-19 cases. This information will be updated at least once per day, Monday-Friday.

| Facility             | Staff Confirmed | Residents Confirmed | Staff Returned to Work | Residents Recovered |
|----------------------|-----------------|---------------------|------------------------|---------------------|
| El Dorado            | 0               | 0                   | -                      | -                   |
| Ellsworth            | 0               | 0                   | -                      | -                   |
| Hutchinson           | 0               | 0                   | -                      | -                   |
| Lansing              | 66              | 57                  | 8                      | 25                  |
| Lamed                | 0               | 0                   | -                      | -                   |
| Norton               | 0               | 0                   | -                      | -                   |
| Topeka               | 1               | 1                   | 0                      | -                   |
| Winfield             | 0               | 0                   | -                      | -                   |
| Wichita Work Release | 0               | 1*                  | -                      | 1                   |
| KJCC                 | 0               | 0                   | -                      | -                   |

\*The resident who tested positive at WWRF was relocated to Lansing Correctional Facility.
