Dear Governor Justice,

In 1985, the West Virginia Regional Jail and Correctional Facility Authority was created by the West Virginia Legislature. Many things have changed over the past 33 years, but the West Virginia Regional Jail and Correctional Facility Authority has continued to provide safe and secure facilities for our inmates, and security from treacherous inmates for our citizens. Because of your support of House Bill 4338, this will be the last Annual Report from the Regional Jail and Correctional Facility Authority. Next year you will only see one report from our new agency, the Division of Corrections and Rehabilitations.

The history of the West Virginia Regional Jail and Correctional Facility Authority has been rich in tradition, honor, and bravery. The professionalism and dedication to duty of our members have made me very appreciative as Cabinet Secretary for Military Affairs and Public Safety to be a part of what they represent.

On behalf of the men and women that make up the West Virginia Regional Jail and Correctional Facility Authority, we take pride in submitting this final annual report.

Sincerely,

Jeff S. Sandy, CFE, CAMS, Cabinet Secretary

# THE HISTORY OF THE WV REGIONAL JAIL AND CORRECTIONAL FACILITY AUTHORITY

The factors that influenced the closing of county operated jails and the realization of a regional jail system date back as far as 1946 when the Bureau of Prisons, in a study authorized by the West Virginia Legislature, found the State's county jails to be "anachronisms and totally unfit for human habitation." The study went on to recommend that the county jails be consolidated into regional jails with adequate numbers of appropriately trained staff.

The ongoing deterioration of physical plants and apparent living conditions in the 1960's and 70's resulted in an increased exposure to the liabilities attendant to inmate-initiated litigation, resulting in the use of Law Enforcement Assistance Act funding to make improvements in many county jails. However, the continuing deterioration of physical plants, many of which were built around the turn of the century, made it evident that mere repairs would be insufficient to deal with the severity of the situation.

In 1982 the Governor's Committee on Crime, Delinquency, and Corrections commissioned a study of county jails resulting in the recommendation of the consolidation of county jails and the creation of a state operated facility for sentenced misdemeanant offenders.

An additional study included involvement of county sheriffs and state level administrators and resulted in the Legislature establishing the West Virginia Regional Jail and Prison Authority in 1985. The original Authority consisted of 21 members. This Authority was empowered to issue revenue bonds to be repaid by special fees attached to criminal convictions and civil cases, establish regions, construct regional jails with bond funds and operate regional jails with operating funds provided by the payment of per diem rate by the counties to be served by regional jails. The Authority developed a master plan for the construction of 12 regional jails. The Authority was to address the needs of the county jails before beginning to consider the needs of the state's correctional system.

In May of 1989, the Eastern Regional Jail (ERJ) opened in Martinsburg initially serving the Eastern Panhandle counties of Jefferson, Berkeley, and Morgan, along with Mineral, Hardy and Hampshire. The latter counties would eventually remove their inmates from ERJ with the opening of the Potomac Highlands Regional Jail in Augusta, WV.

During the 1989 Legislative session the Authority's responsibilities were increased by requiring the Authority to focus both upon regional jails and state correctional facilities. This "change in focus" was brought about in response to the West Virginia Supreme Court of Appeals decision in the case of *Crain vs. Bordenkircher* requiring the replacement of the West Virginia Penitentiary at Moundsville.

## THE HISTORY OF THE WV REGIONAL JAIL AND CORRECTIONAL FACILITY AUTHORITY

The reconstituted Authority, with seven voting and two non-voting members, now known as the West Virginia Regional Jail and Correctional Facility Authority, revisited the “master plan” and concluded that ten regional jails of two, three, and four hundred bed capacity, built of a prototypical design, could serve the counties and allow for improved efficiency of construction, familiarity of operation, and standardization of training.

The Authority shall be governed by a board of nine members, seven of whom are entitled to vote on matters coming before the Authority. The complete governing board shall consist of the Commissioner of the Division of Corrections; the Director of the Division of Juvenile Services; the Secretary of the Department of Military Affairs and Public Safety; the Secretary of the Department of Administration, or his or her designated representative; three county officials appointed by the Governor, no more than two of which may be of the same political party; and two citizens appointed by the Governor to represent the areas of law and medicine. The Commissioner of the Division of Corrections and the Director of the Division of Juvenile Services shall serve in an advisory capacity and are not entitled to vote on matters coming before the authority. Members of the Legislature are not eligible to serve on the board.

The West Virginia Regional Jail and Correctional Facility Authority is a special revenue agency. It is designed to act as both a corporate and a government instrumentality. Current outstanding bond debts are retired through fees attached to criminal cases. Operating costs are obtained through per diem charges to the entities who utilize the system.

All regional jails are of prototypical design and additional bunks have been added over time due to the growing inmate population. The current capacity of each facility is shown below.

FACILITY	Original Design	Additional Bunks Added	Stackable Bunks Added	Total Bed Capacity
Central Regional Jail	200	120	25	345
