The offender will place the call over the Offender Telephone System. If you are an attorney or authorized attorney representative who needs to set up a phone meeting with an offender, please contact the offender's facility. • Because New York is a COVID-19 hotspot, we've created a list of visitors from New York who were in our facilities the last weekend we held visitation and are checking with their respective

• For the week of March 22–29, offenders sent and received 220,460 emails, had 453,275 phone

offenders to make sure the offenders aren't showing any symptoms.

appropriate chemicals and approved personal protective equipment. • There is plenty of soap and water at the facilities, and that remains the best way to keep hands • Like hospitals and other institutions, the VADOC continues to attempt to order more PPEs

• Virginia Correctional Enterprises (VCE) is now manufacturing about 30,000 sneeze/cough guard masks per day. All DOC staff and offenders have been issued VCE masks. These utility masks are available to other local and state government entities, and 34 have placed orders. For example,

these utility masks are going to towns and counties, local jails, the Office of the Medical

• VCE also manufactures cleaning supplies approved by the EPA for use in combating the

Examiner, State Police, and the Virginia National Guard.

• The VADOC's extensive Medical Epidemic/Pandemic Sanitation Plan is in place to make certain that all Department facilities ensure accurate sanitation during this pandemic while utilizing

• The VADOC has put in a source request for PPE with VDEM. • Sneeze/cough guard masks made by VCE have been provided to each staff member. Staff members are required to wear their VCE masks unless wearing another form of Personal Protection Equipment (PPE) mask. The sneeze/cough guard mask is providing an added level of

All offenders are required to wear their VCE masks at all times unless instructed to remove it by a staff member. The sneeze/cough guard mask should not be worn in place of PPE in situations

• As of April 8, we have received 170 gallons of alcohol-based hand sanitizer purchased from local

distilleries. The majority of this distillery hand sanitizer is for use in our infirmaries.

protection but should not be worn in place of PPE in situations where PPE is required.

- Last updated: 11:40 am, March 20, 2020 There are currently no staffing shortages caused by COVID-19. • The VADOC continues to plan for every possible contingency. An emergency menu has been
- changed by the outside provider. • VADOC facilities have moved to modified lockdown in order to minimize contact between groups of offenders from different buildings. Offenders will eat in their pods and go to recreation with their own pod of offenders and will not eat and recreate with offenders from other pods until further notice.

• The VADOC has a plan in place that would allow offender medications to temporarily be kept by the offenders rather than received through the usual pill line in an effort to promote social distancing by cutting down on pill lines. To qualify, each offender patient would have to be interviewed, meet eligibility criteria, and complete a self-med contract. Medications being considered include over-the-counter, non-prescription medications, selected mental health

• Offenders in dormitory housing have been instructed to sleep head to toe, thereby increasing the

• Offender medical transports continue as scheduled unless an appointment is cancelled or

• As of the Governor's declaration of a state of emergency, the VADOC suspended offender intake from local jails for 30 days. Offender transfers and movement between VADOC facilities is

- All Probation and Parole districts have adjusted their intake process so that all or a portion of the intake process is set up and completed electronically. If electronic intake is not possible, officers are limited to completing one intake at a time in a manner that meets current sanitation and social distancing guidelines, utilizing Personal Protective Equipment. - developed for use in the event that a corrections facility has food service workers unable to report to work. This menu contains food items that will be centrally ordered. • The VADOC is working with a temp agency to hire additional nurses for coverage during this
- breathable space between offenders. Additionally, it has been recommended to offenders that they maintain a six foot distance whenever possible and not sit on anyone else's bed. • Offenders releasing from VADOC facilities are now being given a 90-day supply of medicine. Previously, offenders were released with a 30-day supply. In response to the COVID-19 pandemic, we are anticipating that our returning citizens will be experiencing the need for more time to

establish care in the community and should socially distance themselves upon release. This

medications, and other medications based on facility need.

includes avoiding medical care for nonessential visits.
